

Seungmin Yang

seungmin20@snu.ac.kr

EDUCATION

B.A. in Psychology, summa cum laude
Seoul National University, Department of Psychology
Minors in Biological Sciences & Brain-Mind-Behavior
Overall GPA: 4.05/4.30

2020 - 2026
Seoul, Korea

RESEARCH EXPERIENCE

Computational Clinical Science lab
Seoul National University
Advisor: Prof. Woo-Young Ahn

Sep 2025 – Present
Seoul, Korea

Research Assistant (Full-Time)

Aug 2026 - Present

Undergraduate Research Assistant

Sep 2025 – Jul 2026

- Implemented a computational model for a reinforcement-learning task and applied it to analysis of data and manuscript preparation.
- Contributed to a model-based fMRI data analysis and computational modeling analysis of a decision-making task.

A*GA Singapore International Pre-Graduate Award
*A*START Institute for Human Development and Potential*
Principal Investigator: Michelle Kee

Jul 2024 – Jan 2025
Singapore

Undergraduate research assistant

- Secured \$9,400 funding support as a full-time research assistant and conducted a study regarding a preconception screening for women at risk for prenatal maternal mental health problems, including data analysis and manuscript writing.

AWARDS & HONORS

2nd Place, Brain-Mind-Behavior Undergraduate Research Project
Seoul National University

Dec 2025

SKILLS

Programming: R, Python, Matlab

Neuroimaging: SPM

Computational Modeling: Stan
